School opening updates and Romoland School District (RSD) information. View parent/guardian communications from the Romoland School District here! Following Executive Order Directorate N-67-20 signed by Governor Newsom on June 3, 2020, several Riverside County School District facilities are being used as polling stations to ensure that at least one polling place per 10,000 registered voters is available for voting. Our local schools need essential improvements to keep our children safe and to provide learning tools to prepare them for the future. Join us on our Spiritual Days throughout the district this October! We are excited to announce a new student service, FEV online tutoring! Click here for more information! Free meals for ALL kids are back! ALL children under the age of 18 can receive FREE meals on the sidewalk Monday through Friday from 12PM to 2PM at any of our meal service locations! RSD Nutrition Services is providing an opportunity for all enrolled students to collect meals at selected school sites during Virtual Learning. See the latest news and information in our romoland Roundup email newsletter! A directory of services in Riverside County that students and families in our district may need access to. It includes resources for both crisis situations and non-crisis situations. Families in need of technical support should visit our support website here! The Romoland School District has been recognized as a Common Sense District! Resources for teaching in a virtual learning environment. Online applications are now available for families to order free and reduced price meals! It's quick and easy! Requests can be sent from a computer, tablet, or smartphone. Schools will offer English Language Mastery Assessments for California (ELPAC) through remote testing. All Romoland Early Childhood Education programs will begin the school year virtually. View orientation and the first day of school hours. The window is already open for online enrollment for new and returning students. Click here for more information. Romoland's Early Childhood Education Program is already enrolling for the 2020-2021 school year! Families with children of all abilities are encouraged to apply. View Romoland School District instruction information for the 2020-21 school year. Posted on March 14, 2018 Sent by such a good parent the teachers and the principal are very helpful the reception not so much they don't recognize that when you enter. Published On May 19, 2016 Sent by Others This was the my daughter's year at Mesa View. He's in third grade. By calling the school for information several times, I was never able to get an attention to anyone. I left 2 voice messages and they were never returned. The front desk staff is not friendly or helpful at all. It's something I've always wanted to do. I've never met the director, but I feel like very involved in school and taking care of the best interest of students. However, my daughter's teacher is exceptional! She's one of the best teachers my daughter's had so far. She shows concern for the students and really pushes them to do their best. The school nurse is also very friendly and helpful. Posted on August 12, 2015 Sent by a Parent Teachers and staff are wonderful, we have a new director last year and he has made some very positive changes and look forward to this new year. The number of enrolled students is half of what appears on the list because another elementary school opened last year. Now all students in Mesa live inside Heritage Lake. Posted on June 11, 2014 Sent by a Parent Mesa View is a fantastic school! The director is wonderful. My first contact with her was when she personally answered the phone during Winter Break (when the school was closed) and helped us order our grandson's record--I was very impressed! I also had contact with her several times during the year to fix some playground issues. She was helpful, took my concerns seriously, and continued to work vigorously until the issue was resolved. Then there's my grandson's kindergarten teacher. He's an amazing teacher, I volunteered in class and watched him firsthand. I would have six learning stations simultaneously. Not only did he teach them the basics, but he would encourage students to challenge themselves if they finished early. He used every moment he had with the students as a teaching moment. My grandson would always come home telling me some interesting little facts (and sometimes very advanced facts) he picked up. He had excellent control in the classroom, and yet he was funny, energetic and obviously cared for his students very much. My grandson loved him! Attentive staff, teachers and a great learning environment, that's Mesa View! Published March 19, 2014 Sent by a Parent This school is going from bad to worse. Every year there's something different, he never has a budget for anything, overcrowded classes, and the principal is useless. Teachers hide behind the new standard, because of their incompetence and lack of interest. If you want your kids to stand out, don't take them to Mesa View. This will be the last year our two children attend this school. We encourage parents to post a review at this school in the hope that the Romoland School District will do something to change it. Posted on March 17, 2014 Sent by a Not Great Father!! We only went to this school for three months before we took my daughter out. The staff was very unfriendly and have a lot of attitude. Classes are oversized, 37 in kindergarten and the curriculum mediocre at best. There was a parent orientation and the director could not parents or students would shut up long enough to talk, so he started talking while everyone else was talking. We ended up walking because we could hear or understand one thing! It was a fiasco, the parents have no respect and do the students. Very happy that we did not attend Mesa View. Posted July 31, 2013 Sent by a Father This is my daughters first year here. It's not a good show. They barely cover science! They do not have language art contests, student council, math lab, Glee, etc. My daughter is an advanced apprentice in fifth grade and told me that she is often asked to help all the children in her classroom because her teacher doesn't explain things well. During the STAR test my daughter said due to the lack of science taught in class all the students came to the science section of the STAR test and looked confused at each other about not knowing most of the material you are asked for!! Horrible! The safety of children who are released from school is terrifying!! Due to crazy traffic they are made to walk across campus to the park and are NOT supervised. I was told it's school policy that once given recess a child can NOT use the bathroom or get into trouble. Medically that's terrible! How are you supposed to control not being able to use the bathroom!?? Overall, the academics of this school are HUGEY LACKING!! Posted June 05, 2013 Sent by another Mesa View was my best experience for 5th grade, i had a friendly environment around me, i love that school. My teacher was Mr. Greenberg's best teacher we were never kind, attentive, and even let me borrow money when I forgot my money. I'm in ninth grade now, but if I could go back to elementary school, I'd come back. Table View go mustangs !!!! Posted on October 30, 2012 Sent by a Parent I am the father of a fifth grader and this is our second year at this school. I am concerned about the lack of oversight of the front office and its unfriendly attitude. I've had some incidents where they have no responsibility for the children. The first time was when they had all the students in the cafeteria because of the rain and all the children where everywhere they mingled with all the parents and all grade levels. The most recent was when I found out that the music teacher doesn't even know who attends her class. Kids stay after school and don't even know if the kids show up or not! No responsibility! I pay my taxes for the school district here and expect more from this school. The front office should be courteous and respectful to all parents and know they are their to do a job! Work!
